

Rally Cats Tennis COVID-19 Safety Measures

USTA TN understands that the safety of our players, parents, and coaches are the top priority as we resume Rally Cats Tennis programs across Tennessee. That is why we have developed the following tips and recommendations for players and coaches to follow during the program.

- Coaches are encouraged to wear masks and have hand sanitizer on site
- Coaches should tweak program curriculum to eliminate close contact activities and support physical distancing between players as much as possible
- Coaches should make “physical distancing” a theme of each session
- USTA TN asks parents and spectators to stay off court and socially distance while watching
- Players should avoid sharing of tennis racquets during the session
- Each player should bring their own water bottle

Thank you for being supportive of the Rally Cats Tennis program! Please contact Marissa Kovach, marissakovach@ustatn.com with questions.
